

From January 9 to February 8, 2021, a curfew will be in effect from 8 p.m. to 5 a.m.

Our services will be maintained for essential travels during this period.

With our revamped buses, we adjust to the new reality

Our buses have been equipped with protective screens and signage to allow bus drivers to keep a two-metre distance from customers and prevent the spread of COVID-19.

Increased cleaning frequency

As is the case across our network, we have increased the cleaning frequency of the most used surfaces. On buses, this means poles, straps and handles.

Measures for maintaining distance between people

We have developed a tool that allows you to be better informed about the level of crowding aboard buses. [More details here](#).

Check bus schedules ahead of time

When planning your trip, [view the real-time schedule](#) and check where your bus is on the map. This way, you'll know how much time you have before your bus arrives at your stop.
